## ED. MORGAN'S CASE.

**FINED \$10 FOR ASSAULT  
WITH INTENT TO KILL.**

## THE HULL ASSAULT CASE.

**It Was Dropped From the Docket—  
The Day's Proceedings in the  
Criminal Court.**

Entries were made to-day in several cases in the criminal court that have furnished sensational items for the press of the city during the past year or two.

Among the number was the case of the State vs. Edward Morgan, the locomotive engineer, who was charged with assault with intent to kill his wife, Annie, September 12, 1892. The defendant was arraigned this morning, when he waived a reading of the indictment and by consent pleaded guilty to common assault, for which he was fined \$10 and costs.

In the case of the State vs. Thos. Roberts, charged with assault with intent to kill Chas. F. Reynard on a farm near Lamonte, January 16, 1892, the same entry was made as in the above case, except that the defendant was fined \$25 and costs.

In the case of the State vs. James Hull, charged with assault with attempt to kill C. L. Turner on a farm west of town, July 26, 1891, Attorney Lamm made a statement to the court, after which the case was continued generally and dropped from the docket. Hull, it will be remembered, had only recently been discharged from the insane asylum at Nevada when the trouble occurred. One Sunday he rode across the country to visit his children, who were living with his wife, from whom he had separated. Turner was employed on the farm and was shot at by Hull after some words had passed between them. To-day's action means a stay of prosecution during good behavior on the part of Hull.

In the case of the State vs. Chas. Banks, colored, charged with murder in the first degree in having killed Ike Palmer, also colored, August 29, 1892, defendant's attorneys filed a motion and application for a continuance, on the ground that Chas. White, alias John Williams, colored, a material witness, is absent from the city and cannot be located. It is said that White has not been seen in Sedalia since the night of the killing.

By order of the court Lucy Cooper and Mattie Kahrs, colored, were discharged from jail, after having served forty-two days for adultery.

Entries were made in other cases as follows up to the time that the DEMOCRAT went to press this afternoon:

State vs. Riley Wells, appellant; appeal from justice's court; charged with the larceny of goods to the value of \$2.75 from Jos. Roe; continued on the application of and at defendant's cost.

State vs. Wm. Ramsey, appellant; appeal from justice's court; charged with the larceny of \$2 worth of wheat from A. McVey; plea of not guilty withdrawn and plea of guilty instead; fine of \$1 and costs assessed against defendant and his sureties.

State vs. Oscar Fitzwater, appellant; appeal from justice's court; charged with disturbing the peace of Ella Beard; motion to quash.

Lum Bartlett, appellant; appeal; charged with assault upon James and Laura Craig, August 8, 1892; judgement of justice affirmed against defendant and his sureties.

George Bragg, appellant; appeal; charged with adultery with Julia Ann Johnson, February 20, 1893; continued generally by consent.

State vs. Andrew Strang, appellant; appeal; charged with assaulting John T. Dale, September 28, 1892, case tried and defendant acquitted.

State vs. James Carter; appellant; appeal; disturbing the peace of Officer Wm. Drake; judgement of city recorder affirmed against defendant and his sureties.

State vs. Wm. Shobe, appellant; appeal; defendant files motion to quash the information.

The same entry was made in the cases of the State vs. W. W. Glenn, Annie Ingram and Frank Jackson.

At 2 o'clock this afternoon the case of the State vs. J. A. Wilhite,

charged with assaulting Henry Newcomb, was called and is being tried as the DEMOCRAT goes to press. Following were the proceedings late yesterday afternoon:

In the case of the State vs. Dick Robinson, charged with the murder of Johann Schoolman, the motion of defendant's attorney to quash the indictment was overruled and a special venire of fifty jurors was ordered, returnable at 10 o'clock to-morrow morning, when the case will most likely be taken up, as both parties have announced ready for trial.

State vs. Thomas Davis; appeal; defendant withdraws plea of not guilty and enters plea of guilty; fine of \$1 and costs against defendant and sureties.

State vs. Frank B. Fesler; appeal; continued generally by consent.

State vs. George W. Ferrell; carrying concealed weapons; motion to dismiss sustained.

State vs. George W. Ferrell; exhibiting deadly weapon; same entry.

State vs. Thomas E. Davis; appeal; same entry.

Town of Green Ridge vs. C. W. Leabo; appeal; plaintiff files motion to dismiss appeal; overruled by the court; plaintiff files motion to amend complaint; overruled by the court; defendant files motion to dismiss complaint; sustained by the court and case dismissed at costs of plaintiff.

City of Lamonte vs. John Fitzgerald; appeal; defendant files motion to dismiss; by consent case dismissed at costs of defendant except fees of plaintiff's witnesses.

City of Sedalia vs. Frank Williams, jr.; appeal; defendant fined \$1 and costs; capias execution against defendant and sureties.

City of Sedalia vs. John A. Logan; appeal; dismissed at plaintiff's costs.

State vs. John Lowry; appeal; dismissed by state.

State vs. C. H. Hardin; felonious assault; defendant avows his name to be Andrew H. Hardin and arraigned under that name; waives reading of indictment and pleads not guilty; continued generally; defendant recognized in the sum of \$500, with Margaret E. Hardin, John G. Kehl and John G. Fischer as sureties.

State vs. Frederick Schach; obstructing public road; defendant arraigned, waives reading information and pleads not guilty; jury waived and case submitted to the court upon an agreed statement of facts; argument of counsel heard and cause taken under advisement.

### Grand Jury Adjourned.

As a municipal election is being held to-day, the grand jury adjourned last evening until to-morrow morning. Criminal court is in session, however, Judge Ryland having decided not to adjourn on account of the election.

### THE CITY ELECTION.

**A Rather Small Vote and Very Quiet Affair.**

There is very little hurrah and no undue excitement attending the city election to-day. Sedalia is close politically and no party has a walker-over.

There is a healthy interest and good natured rivalry in all the wards, though the vote will be rather small.

From the indications at the hour of going to press victory seems to smile upon the democracy, and sanguine party men claim every ward in the city, while others claim all the wards but one.

It would be useless to give estimates when in a few hours the result will be known, but the democratic roosters will almost certainly have another chance to crow.

### Mormons in Conference.

SALT LAKE CITY, April 4.—The semi-annual conference of the Mormon church is in session. The ceremonies dedicatory of the temple will be begun on the 6th.

### Real Estate Going Up.

The real estate firms are holding their prices up for spring, and some good property has been sold at quite an advance. The firm of Woodfin & Thatcher say they will not advance the prices for about thirty days on any of their properties. Parties who wish good properties or houses in any part of the city, had better call on them. They write fire insurance, best companies, loan money, buy and sell real estate.—314 Ohio street.

## PRESBYTERIANS

**MEET IN COUNCIL IN THIS CITY.**

**The Presbytery of Kansas City Holds  
Its Annual Session—An Inter-  
esting Programme.**

The presbytery of Kansas City will begin its annual session in the Central Presbyterian church, corner Fifth and Lamine streets, at 7:30 this evening and continue probably until Thursday evening.

The presbytery includes fifteen counties and is bounded by the Osage and Missouri rivers and the state line of Kansas. This forms a triangle, with Jefferson City, Kansas City and Nevada as the apexes. The representation is the minister and an elder from each church. About sixty representatives are expected to be present. The public is cordially invited to attend all meetings. The day sessions will be chiefly devoted to matters of business.

A number of points in the confession of faith will come up for discussion. The subject has already been before the general synod, which requested that it be extended to the consideration of the smaller assemblies. The evening services will be of a more popular nature.

At 7:30 o'clock this evening, Rev. W. M. Pocock, of Clinton, the retiring moderator, will deliver a sermon on "Sex in Religion." He is an able man and a large audience should hear him. After the sermon the presbytery will be constituted and the officers elected for the ensuing six months. Rev. Pocock is the present moderator and Rev. J. H. Miller, D. D., of Rich Hill, is the stated clerk.

On to-morrow evening Rev. E. Walker, of St. Louis, synodical missionary of Missouri, will speak on "Home Missions," followed by Rev. F. W. Hinitt, of Warrensburg, on "Foreign Missions."

### RELIABLE AND NEWSY!

**THE DAILY DEMOCRAT.**

The "morning suppressor" is still "withholding" the news of Pat McEnroe's electric line.

PAVE the streets—but let the cost and character of the paving be regulated by the value of the property.

THE DEMOCRAT is in favor of paving the streets, and also of keeping clean the streets that are paved.

THE wealthiest colored man in North Carolina committed suicide the other day. This shows that riches do not bring happiness, even to the colored man.

THE new administration is making a pretty fair record in removals, and from present appearances we are to have no office-holding class in this country.

THE Australian ballot system has worked well in Missouri and if the corrupt practice act is rigidly enforced we may look for quite a reformation in politics.

A LITTLE more rope and our federal judges will evolve the doctrine that a railroad manager may go out and impress men into the service when he needs them to handle interstate business.

THE "morning suppressor" concluded on Tuesday morning that it was safe to give its readers a statement of the building permits issued during the month of March—the same item that was published in the SUNDAY DEMOCRAT.

HON. JOHN T. HEARD announces that there will be a competitive examination for the appointment as cadet to the West Point Military academy held in this city on May 6th. It is a position that offers a splendid training to some ambitious youth.

THE gold standard papers talk of the unfortunate depreciation on silver, when as a matter of fact they mean the unfortunate appreciation of gold, caused by the action of "financiers" in this country and Europe who wish to make it the only money metal.

THE city election to-day can hardly fail to secure good men for the offices to be filled. Sedalia has no reason to feel nervous about the result. Our republican friends have lived under a democratic administration in the past, and they frankly admit that they have prospered under it.

Gov. CRITTENDEN has gone to Washington City to confer with the "powers that be" in regard to the

Mexican consulship or something equally as good. It has been reported that the ex-governor's chances were not the most flattering, but this looks like there is still balm in Gilead.

THERE are a great many Missourians who desired to see Lon Stephens made comptroller of the currency, but the fact that he remains at the head of the state treasury will reconcile them to the appointment made by Mr. Cleveland. Missouri offers her ablest sons to Uncle Sam, but if he does not need their services, all the better for Missouri.

"WITHHELD at the request of parties interested!" Who are the parties interested in the building of the north and south railroad? Certainly the property owners of Sedalia are interested parties, and those who subscribed to the fund have some interest. What sort of an old granny newspaper is it that would keep the public in the dark about so important a matter.

As a suppressor of news, under the new regime, our morning contemporary is a pronounced success. It takes "genius and talent of a high order" for a newspaper to confess that it attempted to withhold from the men who support it so important an announcement as the sale of the Sedalia, Warsaw & Southern railroad. Only out in this "wild and uncouth west" we plain people call it "gall."

PRESIDENT CLEVELAND is in many respects a great and good man, and he stands mighty close to the hearts of the masses of his party. But if he goes wrong on the money question congress should promptly turn him down. This is necessarily Mr. Cleveland's last term, whether he makes a popular or unpopular president; but it is not necessarily democracy's last term by any means, and regard for Mr. Cleveland's failings and Mr. Cleveland's offices should not cause a single congressman to forget the promise he made his constituents on the silver question.

CERTAIN fanatical Austrians object to the appointment of Max Judd as consul to Vienna because he is a Jew. Very well. But the United States should not discriminate against her citizens in order to gratify the prejudices of Austria, and if Judd is not received and treated in a manner worthy of the United States it is an easy matter to cut off all intercourse with that country. We can get along without Austria a great deal better than Austria can without us, and inasmuch as we have no established religion we should see to it that we have no religious boycott.

SEDALIA has a great deal of dramatic talent and that it is appreciated was shown by the crowded house last night. Let such entertainments be more frequent hereafter. It is a profitable and pleasant way to spend an evening and is really more enjoyable than the average play rendered by professionals. The DEMOCRAT does not believe there has been a play rendered in the city this season that was really more enjoyed by the audience, and the players may feel assured that while they were working in a good cause they were also treating their friends to a most pleasing entertainment.

THE business men of Sedalia will doubtless appreciate the disinterested kindness of our morning contemporary in trying to keep from them all knowledge of the sale of the Sedalia, Warsaw & Southern railroad. At the same time, there having been no formal appointment of a public guardian for the town, people who have subscribed money to the north and south road and people who have property interests in Sedalia, would prefer to be informed in regard to such important matters, and the gentlemen from whom the DEMOCRAT received its information consented to tell them what was going on.

THERE is reason to believe that if Secretary Carlisle prepares a tariff bill at all it will be one which every democrat can support. In fact the tariff reform victory in this country is due more to Carlisle and Morrison, and their earnest, able

and fearless supporters in congress, than to any other agency. It was on the floor of the house that the battle was fought; it was there that the subject was forced upon the attention of President Cleveland and of the people of the country. There the doctrine of tariff reform was enunciated year after year, the outer works of the enemy's defenses were carried, his entrenchments undermined, and all that Cleveland did was to command and lead the charge.

The sharp decline in the price of pork, says the Kansas City Star, will be hailed with satisfaction by the consumers of that commodity and these include almost the entire population. The flesh of the hog in its various enticing forms has become a universal article of diet in this country. The remarkably high figure at which it has sold for some months past caused it to get almost beyond the reach of the laboring classes, thus inflicting upon them a serious privation. With the day laborer and with men who engage in physical toil nothing can take the place of pork. There is much meaning in the homely old adage that "bacon sticks to the ribs" and the decline in the price of this substantial article of food is an exceedingly fortunate occurrence for the toiling millions.

We repeat, in this plain, practical age people don't care a snap whether a candidate has a college diploma or not. They look at the man; at his character, his fitness for the position he seeks. They don't care whether he ever saw the inside of a college or not, and by the way many of the most successful business men and most competent officials, never saw the inside of a college. Many a printer's devil has made a first-class journalist; many an office boy has risen to the highest rank in the legal profession; many a young mechanic with no capital but a strong arm, an active brain and a brave heart, has educated himself while he earned a living and risen to prominence and lived a life of usefulness to mankind. A man is to be judged by what he is, not by diplomas or college degrees.

A MORNING contemporary claims to have been in possession of the facts in regard to the sale of the Sedalia, Warsaw & Southern but that "its publication was withheld at the request of the parties interested." It will strike the average citizen that the people of Sedalia are parties interested in the deal, and certainly they were not desirous of suppressing all mention of so important a matter. It was a transaction that would affect the value of real estate in Sedalia; one of pecuniary interest to many people, and not one that should have been locked up in the breasts of two or three people. In fact the gentlemen from whom the DEMOCRAT received its information consented to its publication, being well aware that such publication could in no material way affect the building of the road, but would only put all Sedalians on an equal footing in point of information concerning a public enterprise.

THE city council last night solemnly declared in favor of paving a number of the streets of the city, and it is now for the property owners to fully investigate the cost and relative value of the different classes of paving and decide upon the kind they are able and willing to pay for. The DEMOCRAT has referred to this matter frequently and taken the ground that the cheaper paving should be looked into. Many owners of property remote from the business portion of the city desire to be rid of the mud nuisance, but hardly feel able to pay for the more costly pavement. In many sections plain telford or macadam properly put down answers all practical purposes; whether it would answer in Sedalia or not is a question to be considered. Then there is the paving with stone put in in East Sedalia that seems to be substantial almost as the everlasting hills. Let all these various kinds of paving be investigated and agree upon such improvements as will lift us out of the mud and at the same time be not burdensome to the property owners.

## A CROWDED HOUSE.

THE BENEFIT FOR ST. PATRICK'S NEW CHURCH.

### THE CAST OF CHARACTERS

"Ireland As It Is" Was a Grand Success—A Meritorious Amateur Performance.

Local talent gave a thoroughly enjoyable dramatic performance at Wood's opera house last night for the benefit of the new St. Patrick's church, presenting "Ireland As It Is" and the weird extravaganza, the "Mock Initiation," originally arranged and produced at a social session of the Elks in this city.

Long before the curtain went up the opera house was packed with an eager crowd who had come to assist in a worthy cause and to have the pleasure of seeing the best dramatic talent in the city in an old-time Irish play. The cast was as follows:

Ragged Pat, an Irish boy, .... Jake Reilly  
Dan O'Carolan, an aged Irishman ..... Latour  
Neil O'Carolan, his son, ..... H. J. Jones  
Mons. Voyage, Lord Squander ..... G. C. Graham  
The Magistrate ..... P. E. Fisher  
Septimus Stone, the Middleman ..... Charles Kooch  
Slang, a cockney ..... Wm. J. Whipple  
Connor O'Flaherty, son of July ..... Wm. J. Reilly  
Gassoon ..... J. M. Dobel  
Sheriff ..... Wm. B. Martin  
Judy O'Trot ..... Mrs. P. Dobel  
Honor, Neil's wife ..... Miss Mary Dobel  
Florence, Dan's daughter ..... Mrs. Nellie Reilly  
Neil and ..... Miss Mamie Carroll  
Honor's Children ..... Miss Nellie Fleck

Jake Reilly was imitable in his most excellent part and a constant ripple of merriment followed his antics as "Ragged Pat." He played the part many years ago and there were a number in the house last evening who pleasantly recalled the event. Wm. Latour looked, spoke and acted the part of Dan O'Carolan, an aged Irishman, with his usual vigor and effectiveness. Throughout his work there was a satisfying detail as to "business" and in the more interesting situations in the play the groupings of the characters were strong, artistic and admirable. Charles Kooch as Septimus Stone was complemented by being thoroughly hated before the play had ended. H. J. Jones was sincere and manly as Neil O'Carolan and was an effective contrast to the well acted but scoundrelly part of Slang, assumed by Wm. J. Whipple. Mons. Voyage, by G. C. Graham; Magistrate, by P. E. Fisher; Connor O'Flaherty, by Wm. J. Reilly; Gassoon, by J. M. Dobel, and the Sheriff by Wm. B. Martin were all satisfactory. The surprise of the evening was the acting of Mrs. P. Dobel. This estimable lady excelled the expectations of even her most intimate friends and as Judy O'Trot was very amusing. Mrs. Dobel possesses stage talent of a very high order. Miss Mary Dobel was graceful and sympathetic as Honor and read her lines with good effect. Mrs. Nellie Reilly made the part of Florence one to be much admired. Little Misses Mamie Carroll and Nellie Fleck, two sweet-faced tots, were the children of the play. The cast in the "Mock Initiation" was:

Master Physician, an Oriental quack who asks for shekels, "kill or cure" ..... O. B. Caldwell  
Grand Microscope, keeper of the Sultan's gate, who can only exclaim "Holy Moses, what a system" ..... H. H. Mayer  
Outer Spy Glass, an importer of plug hats, boxing gloves and skeletons ..... L. C. Ginter  
The Big O, a producer of music, Japanese turnip performer and champion whistler of the Orient ..... F. G. Billings  
Lo, the Poor Candidate, who, well—well you just watch him and see! him go through ..... Geo. F. Wright  
Grand High Muck-a-Muck, a most gracious sovereign ..... P. E. Fisher  
Manager Peculiar Circle, a curious and sprightly being, a little bulky, but "He gets there just the same" ..... C. S. Conrad  
Patent Pill Preserver, the only living rival of "Pat Rooney," only his feet are not mates ..... G. C. Graham  
Champion Club Swinger, when he lets himself loose look out for his club ..... W. F. Logan  
The other features of the programme were:

Music ..... Sedalia Mandolin Club  
Song ..... H. V. Leist  
Zither and Musical Glasses ..... Dr. Muehl and Emil Dorn  
All who participated in the benefit have every reason to congratulate themselves upon the unusual success of the occasion. The proceeds of the entertainment will amount to a large sum.

The "Mock Initiation" was gotten up by Messrs. Wm. Latour and George Wright, and as an original production is worthy of unusual mention. The lines were written and the "business" arranged by Mr. Latour.

ing.A petition asking that Marvin  
street, from Fifth street to Broad-

for construction at the same time  
the ordinance is published.On motion of Mr. Honkomp the  
back taxes on the old fair grounds,  
now the property of the Missouri  
state fair association, were ordered  
stricken off the tax-books.The council placed on the table

tension of water mains from Grand

## A CHANGE NOT APPROVED.

Senator Hoar Introduces a Resolution  
Regarding the Election of Senators.WASHINGTON, April 4.—It appears  
from a resolution introduced in the  
senate yesterday, as if the debate on  
the subject of the election of senators  
by a direct vote of the people, was to  
be renewed at this extra session of the  
senate. Mr. Hoar introduced a  
resolution giving notice that as soon  
as convenient after to-day he would  
address the senate on the resolution.It would, the resolution continues,  
transfer the selection of senators from  
the legislatures entrusted with all legis-  
lative powers of the states to bodies  
having no clear responsibility, whose  
members vote by proxy, whose tenure  
of office is for a single day, whose votes  
and proceedings are not recorded, and  
who act under no responsibility. It  
quashes the substitution of pluralities  
for majorities, transfers the seat of  
political power in great states, now  
distributed evenly over their territory,  
to the great cities and masses of popu-  
lation; creates new temptation to  
fraud, and will give rise to numerous  
election contests; will absolve the  
largest states from constitutional obli-  
gations which secure equal representa-  
tion of all states in the senate; by  
providing that no state shall be de-  
rived of that equality without its con-  
sent.In conclusion the resolution says  
such a method implies what the whole  
current of our history shows to be un-  
true, that the senate has during the  
past century failed to meet the just  
expectations of the people and that the  
state legislatures have proved them-  
selves unfit to be the depositories of  
the power of electing senators. The  
resolutions which require this change,  
if acted upon and carried to their  
logical result, will lead to the election  
by the direct popular vote, and by popular majorities of the  
president and of the judiciary, and  
will compel the placing of these elec-  
tions under complete national control.  
It will result in the overthrow of the  
whole scheme of the senate and in the  
end of the whole scheme of the nation-  
al constitution as designed and estab-  
lished by its framers and the people  
who adopted it.

## ADY AFTER MARTIN'S SEAT.

He Presents a Petition to the Senate  
Saying Martin Was Not Elected.WASHINGTON, April 4.—The senate  
yesterday began the fifth week of its  
extraordinary session with a fair at-  
tendance of senators in their seats and  
with a large audience in the galleries.  
The rights of the three senators of the  
states of Montana, Washington and  
Wyoming to seats in the senate was  
discussed in affirmation of that right  
by Mr. Turpie.Another question as to a senator's  
right to a seat was raised yesterday by  
the presentation of a petition from  
Joseph W. Ady of Kansas asserting  
that Mr. Martin, who was sworn in as  
a senator from that state at the open-  
ing of this extraordinary session, was  
not duly elected and that he (Ady)  
was, and now desires to be admitted  
to the seat. Referred to the committee  
on privileges and elections.

## BURNED THE BRIDGE.

Boomers Determined to Keep Cattle Out  
of the Cherokee Strip.GUTHRIE, Ok., April 4.—The bridge  
over the Black Bear river, nine miles  
south of Red Rock station in the Pon-  
ca reservation, was destroyed by fire  
last night. It is supposed that the  
bridge was set on fire by boomers in  
order to stop the shipment of stock  
over the Santa Fe road to be unloaded  
at Ponca.A large number of trains of stock  
are being unloaded at Wharton, which  
is in the Cherokee strip, and will be  
driven from there to Ponca. So there  
is no question now about stock being  
unloaded in the strip, as a glance at  
the map will show. Settlers are ar-  
riving here in large numbers, and  
they are indignant at what is transpir-  
ing. Fires continue to exist here and  
on the strip.

## Asylum Board Reorganizes.

NEVADA, Mo., April 4.—The board of  
managers of Missouri asylum No. 3  
convened yesterday to perfect reor-  
ganization, three new members,  
Messrs. Kennedy, George and Gosselst  
being enrolled. There were present D.  
C. Kennedy of Springfield, Dr. Robin-  
son of Windsor, Dr. Jopes of Green-  
field, S. Grosshart of Odessa and James  
L. George of this city. The board or-  
ganized by electing Dr. Robinson of  
Walker president, George B. Carstar-  
phon was re-elected secretary.

## A Federal Juror Accused of Perjury.

WICHITA, Kan., April 4.—Peter Nel-  
son, a wealthy Swede of McPherson  
who prevented a conviction in the  
Clyde Mattox murder case in the  
United States district court was ar-  
rested today, charged with perjury.  
It is declared that he spent two hours  
with Mattox on the day before the  
trial began, though he swore in the  
jury box he had never seen him.

## Harris and Morris on the Field.

WASHINGTON, April 4.—The stalwart  
Democratic delegation from Kansas  
was this morning reinforced by A. A.  
Harris of Fort Scott and Dick Morris  
of Atchison. They will act in concert  
with the others in the industrious cir-  
culation among government offices of  
the brief against Martin.

## A Maine Bank Cashier Short \$50,000.

BATH, Maine, April 4.—William R.  
Shaw, cashier of the Lincoln national  
bank, is a defaulter to the amount of  
\$50,000.

## NEWS BRIEVITIES.

A temporary truce has been arranged  
at Antlers, but the situation is still of  
the most threatening nature.Water broke into a drift on the  
Laurel Hill mine at Hazelton, Pa.,  
and two miners were drowned.At Louisville, Col., a crowd of  
drunken men became involved in a  
fight and three were badly injured.Two English vessels report having  
seen pieces of floating wreckage which  
it is thought possible may have be-  
longed to the ill-fated Naronic.The stalwarts assert that the ap-  
pointment of Frank Mape as post-  
master at Kansas City, Kan., is not  
Martin victory because they did not  
fight him.

## YE FESTIVE CON MAN

ALREADY WORKING THE CHER-  
OKEE FOR HIS CASH.

## TRYING TO PROVE CITIZENSHIP.

Secretary of the Interior Smith Will  
Make a Radical Departure in the  
Manner of Opening the Strip—  
The Race-Horse Method to Be  
Done Away With and All  
to Have a Fair Show.TAMUQUAH, Ind. Ter., April 4.—  
There will be no more applications  
for citizenship in the Cherokee nation  
considered until the apportionment of  
the purchase money for the Cherokee  
outlet has been made. From every  
section of the United States Principal  
Chief Harris is receiving daily com-  
munications setting forth the cases of  
various persons who claim blood re-  
lationship with the Cherokees. An ex-  
amination of these convinced the chief  
some time ago that confidence men  
were fleeing the unsophisticated, but  
all doubt was removed last week by  
an influx of letters from the same lo-  
cality, in one of which the name of  
the individual was revealed. Follow-  
ing is a portion of a letter received  
from Madison, Ill., which shows how  
the unwary are being fleeced:  
"There was an old man here who  
went by the name of Davis the Big  
Bear, chief of the Sacs and Foxes, and  
he said everyone that had any Indian  
blood in them could make a draw and  
get so many acres of land, so he made  
out some papers to that effect. He  
charged me \$1 a head. He made lots  
of money at it. He stopped at my  
house and he just cheated my husband  
out of \$5 by some old soldiers' claims."Accompanying this letter was an-  
other from the same locality in which  
the writer contended that he was a  
Cherokee by blood and had been in-  
formed that he could get his pro rata  
share of the money which would be  
received from the government for the  
Cherokee outlet. The writer wanted  
to know how he could go about proving  
his claim, and offered to pay the  
chief "for his time" if he would make  
an investigation.These are only two of the many  
letters arriving now in every mail.  
They come from all parts of Missouri,  
Kansas and Texas and show that  
confidence men have already been at work  
inducing people to attempt a raid on  
the money of the Cherokees.The recommendation of Chief Harris  
regarding the scaling of the grand  
council of the five civilized tribes for  
the purpose of talking over the pros-  
pects of statehood, was submitted by a  
committee yesterday.  
The chief has approved the bill rat-  
ifying the strip sale and this leaves  
nothing more to be done by the Chero-  
kees save to go to Washington and  
negotiate the loan by which they come  
in possession of \$8,300,000.

## IMPORTANT TO SETTLERS.

The Supreme Court Upholds the Court  
of Oklahoma in a Land Case.WASHINGTON, April 4.—The supreme  
court yesterday announced its con-  
struction of the proclamation by the  
president and the act of congress in  
1889 opening to settlement the Creek  
Indian reservation in Oklahoma. They  
contained provisions that "any person  
who may enter upon any part of said  
lands prior to that time that the same  
are opened to settlement shall not be  
permitted to occupy or to make en-  
try of such lands or lay claim thereto."Alexander F. Smith, a railroad em-  
ployee living at Edmond station at the  
time the lands were opened, entered a  
quarter section; this right of entry  
was contested by Eddy B. Townsend  
and decided in his favor by the local  
land officer, but on appeal the com-  
missioner of the general land office,  
the secretary of the interior and the dis-  
trict and the supreme court of  
Oklahoma successively affirmed Town-  
send's entry and Smith appealed to  
the supreme court of the United  
States. Justice Brewer announced  
the decision of the court to-day in an  
opinion reviewing the facts and the  
law in the case, concluding with the  
statement that "anyone who was  
within the territorial limits at the  
hour of noon on April 22, was within  
both the letter and spirit of the act,  
disqualified to take a homestead there-  
in. Judgment of the Oklahoma  
supreme court affirmed.

## NO RACING FOR CLAIMS.

Secretary Smith Says the Opening Will  
Be Conducted On Another Plan.WASHINGTON, April 4.—"Yes, we  
heard late Saturday," said Secretary  
Hoar yesterday, "that the Chero-  
kees had accepted the terms proposed  
for the purchase of the Cherokee out-  
let. The interior department is now  
bending every energy to the work of  
getting matters ready for the opening.  
Of course, I cannot say even approxi-  
mately just when there will be the  
opening, but this point I decided on  
before there will be no race for the land  
this time. The cripple on foot will stand  
an equal show with the man on  
the Kentucky thoroughbred. Every man  
shall have an equal chance  
with others and be absolutely pre-  
vented from getting anything better  
than an equal chance. Those men  
who have been spying about in the  
strip, scouting out the most eligible  
locations, will not profit by it nor  
stand any better chance than those  
who never saw or set foot on the land  
at all."I cannot tell what method will  
be adopted by the department in allow-  
ing settlers to select their locations.  
We have not got it thought out yet.  
But I am determined that it will not  
be the race-horse method."

## Stole Rather Than Beg.

NEVADA, Mo., April 4.—A Mrs. Ol-  
iver of Monte Vallo township, this coun-  
ty, was arrested charged with  
stealing lard and chickens from a  
neighbor. Her defense was that the  
crime was a necessity, as she could get  
no work and had to steal, beg or  
starve. She would not beg.

City, Kan.The appointment of Frank Mape as  
postmaster at Kansas City, Kan., is  
the first presidential appointment for  
the state of Kansas. This is account-  
ed to be a victory for Senator Martin,  
for he was appointed on his recom-  
mendation. Mr. Mape is an assist-  
ant postmaster under V. J. Lane during  
President Cleveland's previous admin-  
istration and pays \$3,000 a year. One  
of Mr. Mape's opponents was S. J.  
Folsom, a second cousin of Mrs. Cleve-  
land.

## Crittenden and Crisp After Jobs.

WASHINGTON, April 4.—Ex-Governor  
Crittenden and Colonel John T. Crisp  
came to town yesterday. The former is  
said to have come for the purpose of  
pressing his claims to be assistant  
secretary of state and the latter is  
said to have focused his eyes on the  
governorship of Alaska.

## KILLED IN AN INSTANT.

Wife Murderer Hamilton Dies by Electri-  
city—The Shock Most Effective.SING SING, N. Y., April 4.—James  
W. Hamilton, the colored ex-convict  
and convicted wife murderer, died in  
the electric chair yesterday. When the  
death warrant was read by Warden  
Brown in the condemned man's cell  
at half past 10 o'clock last night,  
Carlie W. Harris, the condemned  
medical student wife prisoner, who  
occupies the second cell from Hamil-  
ton's, was able to hear the reading but  
showed no signs of being affected.  
The electrocution differed from all its  
predecessors in that only one shock  
was given. There was no scorching  
of the skin at the point of the elec-  
trodes and, while the man was above  
the usual height and was of massive  
build, it was evident that death was  
instantaneous.

## BLOWS IN A CHURCH.

Two Laymen Exchange Fist Compliments  
Before Two Hundred Ministers.CHICAGO, April 4.—In the aristocratic  
Belden Avenue Presbyterian church,  
where nearly 200 ministers were pres-  
ent, two laymen, H. B. Freeman and  
James Inglis, one a friend and the  
other an opponent of the Rev. Dr.  
Tolteroh, quarreled over charges of  
impropriety in the conduct of the  
church and a female member of his con-  
gregation. The lie direct was passed and  
the men came into physical collision.  
Freeman made a motion to draw a  
revolver and the Rev. Mr. Tolteroh,  
who only has one arm, hastened to  
help his friend in the melee. The  
other ministers quickly interposed,  
however, and the angry partisans were  
separated.

## AMUSEMENTS.

## MacLean and Prescott.

"L'Absintheur," the title of the new play to be presented on Thursday evening is a strong modern play in five acts from the pen of the talented artist and authoress, Miss Marie Prescott. This play was written by Miss Prescott and developed to display the special abilities of herself and R. D. MacLean. "L'Absintheur" translated into English means "The Absinthe Drinker" and on this the story and plot of the play are founded. The scenes are laid in Paris. It presents a vivid picture of the evil of absinthe drinking, a habit that is most common in Paris, and which pervades all classes. Miss Prescott interprets the part of the heroine and Mr. MacLean plays the part of the absintheur. Friday evening, Romeo and Juliet.

## The New Flouring Mill.

J. R. Bozeman and Robert Taylor will open the City Flouring mill next week. Mr. Bozeman is formerly from Marion, Kansas, and his recommendations from that city as a practical miller and reliable business man could not be excelled.

Mr. Taylor is an old resident of Sedalia. He has been formerly in the boiler department of the Missouri Pacific railway, and has many friends in Sedalia.

The new firm of Bozeman & Taylor will certainly have all the work they can attend to when they get started. Farmers and citizens should patronize them. See their card in this issue of the DEMOCRAT.

## Special Notice.

The patrons of the Sedalia Electric Light and Power company are hereby notified that in the future they will be charged for the length of time incandescent lamps are kept burning. Parties having contracts for 10 o'clock and 12 o'clock lights and burning them all night will be charged with all-night lights without further notice. This will be enforced without any exceptions.

JAS. MONTGOMERY, Sup't.

## Stage Realism at Nevada.

An amateur minstrel performance was given by the employees of the asylum at Nevada Saturday night for the amusement of the 400 patients in that institution. The following bit of stage realism is noted by the Mail: "The 'Convict at Work' was represented true to life, costumes having been obtained at Jefferson City for the occasion. Messrs. Dorsey and Robinet did this act to perfection."

## Protracted Meeting Begun.

A protracted meeting was begun at the First Baptist church last evening. Rev. J. P. Green, of William Jewell College, will arrive Thursday evening and will assist Rev. J. B. Fuller, the eloquent pastor, in conducting the services.

## A Quiet Marriage.

Mr. Charles Barnhart and Mrs. Flora West were married last evening at the residence of the groom's father, on East Twelfth street, near Lafayette avenue, by Rev. Albert Jump, pastor of the Montgomery street, M. E. church. Only the immediate friends of the family were invited. An elegant supper was served and the select few heartily enjoyed the occasion.

## An Enjoyable Ball.

An unusually enjoyable masquerade ball was given at Harmonie hall last night in which about fifty couple participated. The master of ceremonies was Prof. Spurway. The next ball will be given on April 16.

"Americanite" cigars are the best.

## Wanted.

Carpenters. Apply to foreman at Sacred Heart church, 3rd and Monticau.

## SHOP AND RAIL.

## ITEMS OF INTEREST TO LOCAL TRAINMEN.

News About Different Roads, Employers and Employees.

Supt. L. D. Hopkins was in the city yesterday afternoon.

Superintendent H. G. Clark went to St. Louis in private car No. 111.

Traveling Auditor Fisher, of the Missouri Pacific, went to Jefferson City at noon.

Superintendent W. B. Lyons got high-toned this morning and went south on a freight train.

Ask Will Woods for a copy of March "Travelers' Record." He says it will surely interest rail road men.

Jas. Monahan, the popular middle division brakeman, is confined to his room at No. 1107 East Fifth street with muscular rheumatism. Jim's friends hope to see him able to go fishing in a few days.

## Another Through Train.

The DEMOCRAT learns to-day of a rumor that may have substantial foundation, to the effect that a third through passenger train will be put on the M., K. & T., May 1st, to run from Sedalia to Chicago. As to the card time that will prevail, the DEMOCRAT has not been apprised; but as the train will be for the especial benefit of passengers to the world's fair there is scarcely a doubt but that the "Katy" will keep up its reputation for rapid time and excellent service.

## The Offensive Dago.

Conductor Stone's train No. 64, brought some seventy-five Dagoes up from Huntsdale, Tuesday night, says the Rocheport Commercial. These people who are a mixture of all foreign nations, are ballasting the track through town. Each individual does his own cooking, and such a mess as it is would turn the stomach of the hungriest American. They cook from a hole in the ground over which is placed an oven. In this oven, rice, beans, dried apples, beef shanks and mackerel are cooked at one time, being boiled down to a thick soup. The Dago then proceeds with two sticks in eating his meal, dipping the sticks into the mixture in rapid succession. The Dago is about as much benefit to this country as the Chinaman. He subsists on what would starve a white man, and sends 99 cents of every dollar that falls into his hands to his native country, wherever that may be.

## Enthusiastic Over the Concessions.

According to the Springfield Leader, the committee appointed to secure a right of way out of the city for the Springfield, Sedalia, Marshall and Northern railroad, met Monday morning and were much gratified with the progress already made. Said G. W. Miller, one of the committee:

"Such men as B. U. Massey and John McGregor have donated a right of way through their property and we hope that others will follow their example. The outlook is extremely favorable, even more so than the committee anticipated. We adjourned this morning to meet Wednesday morning in the office of G. A. C. Woolley, at 9 o'clock, when it is probable that we will have the entire right of way secured. President Crandall is expected here this week and when he comes we want to have everything ready for him."

Mr. Miller was enthusiastic over the concessions already made and as he is the secretary of the committee, he hauled some deeds out of his pocket which proved to be conveyances to land to be used by the northern road for its right of way, and gave the reporter a glimpse of them.

## To Separate Their Business.

It is an open secret that the Missouri Pacific and M. K. & T. contemplated an early dissolution of their Nevada business. The Missouri Pacific talks of building its freight and passenger depot at some point near Allison street crossing. It has gone so far as to investigate items entering into the cost of building at that point.—Nevada Mail.

## It Makes Him Tired.

"Say," said Mont Carnes with a languid yawn, as he stretched himself in the sunshine at the depot today, "I don't know how it effects you fellows, but this weather makes me tired," and he yawned again. He seemed much surprised when the gang gave him the horse laugh, and wondered what they meant.

## Police Court.

The following cases were disposed of before Recorder Rauck this morning:

Seth Green, William West, Cliff Gale, Walt Burress, Chas McVey and George Taylor were all charged with trespassing upon railroad property, in other words, stealing a

ride. This is the season of migration for tramps and they are thicker than flies in a New Orleans sugar house. Each offender was fined \$5 and granted a stay to get out of the city in 30 minutes. McVey and Taylor came down from Kansas City last night and the conductor claimed to have put them off at every station, but they succeeded in catching on every time.

## A Rattlesnake Cravat.

A cravat made from a rattlesnake skin with the rattlers attached as a scarf pin is an unusual attraction in the show windows of Gentry & Cloney. The cravat is made to be worn but as yet no one has had the nerve to purchase it. The sight of such a thing in Jefferson City would cause much trouble among the wearer's friends.

Swickley, Penn.: We had an epidemic of cholera, as our physicians called it, in this place lately and I made a great hit with Chamberlain's Colic, Cholera and Diarrhoea Remedy. I sold four dozen bottles of it in one week, and have since sold nearly a gross. This remedy did the work and was a big advertisement for me. Several persons who had been troubled with diarrhoea for two or three weeks were cured by a few doses of this medicine."
